

CITY OF DOUGLAS

This data was collected by @WeThePlugTho to the best of our ability. Some information may be incorrect due to lack of transparency from your city.

WHAT'S ON YOUR BILL?

| | |
|----------------------|----------------|
| Base fee | UNKNOWN |
| Average rate per kWh | \$0.10 |
| Late fee | 10% |
| Disconnection fee | 10% |
| Reconnection fee | \$0 |
| Senior discount? | YES |
| Payment arrangement? | YES |

We could not find information about your utility's base fee. This information should be accessible.

Base fee: what your utility charges each month before you even turn the lights on

Rate per kWh : how much your utility charges for each unit of electricity used. On average, households in Georgia use 1,121 kWh per month.

Your electricity utility serves **4,038 customers** and is controlled by your **City Council**. Talk to them about making changes to your utility.

An energy burden is the percentage of your income spent on your electricity. In your county, **46% of households have a high energy burden** (they spend 6% or more of their income on electricity).

An energy audit measures how much energy your house is wasting because of inefficiency. **Your city utility provides free online energy audits.**

Electricity bills are considered **late after 5:00 PM** the day they are due. People with serious illnesses legally can't be disconnected if it will worsen their illness. They must notify their utility. See **Georgia Rule 515-3-2-.03** for details.

We spoke with a City of Douglas customer who said that people's bills are very high and City Council is not addressing the problem.
