**Base fee:** what your utility charges each month before you even turn the lights on

**Rate per kWh :** how much your utility charges for each unit of electricity used. On average, households in Georgia use 1,121 kWh per month.

Your electricity utility serves **14,413 customers** and is controlled by your **City Council**. Talk to them about making changes to your utility.

An energy burden is the percentage of your income spent on your electricity. In your county, **22.5% of households have a high energy burden** (they spend 6% or more of their income on electricity).

An energy audit measures how much energy your house is wasting because of inefficiency. **Your city utility provides free energy audits.**

Electricity bills are considered **late after 4:00 PM** the day they are due. Power is disconnected after 2 weeks. People with serious illnesses legally can't be disconnected if it will worsen their illness. See **Georgia Rule 515-3-2-.03** for details.

We spoke with City of East Point customers who experienced big fluctuations in monthly energy bills and frequent outages with no solution from City Council.
