

CITY OF THOMASTON

This data was collected by @WeThePlugTho to the best of our ability. Some information may be incorrect due to lack of transparency from your city.

WHAT'S ON YOUR BILL?

Base fee	\$14.50	
Average rate per kWh	\$0.11	
Late fee	\$35	
Disconnection fee	\$25	
Reconnection fee	\$0	
Senior discount?	NO	
Payment arrangement?	NO	

Your city's late fee is higher than others. They also do not offer senior discounts or payment arrangements. Other cities do.

Base fee: what your utility charges each month before you even turn the lights on

Rate per kWh : how much your utility charges for each unit of electricity used. On average, households in Georgia use 1,121 kWh per month.

Your electricity utility serves **3,684 customers** and is controlled by your **City Council**. Talk to them about making changes to your utility.

An energy burden is the percentage of your income spent on your electricity. In your county, **41.5% of households have a high energy burden** (they spend 6% or more of their income on electricity).

An energy audit measures how much energy your house is wasting because of inefficiency. **Your city utility does NOT provide energy audits (other cities do).**

Electricity bills are considered **late 1 month** after they are due. People with serious illnesses legally can't be disconnected if it will worsen their illness. They must notify their utility. See **Georgia Rule 515-3-2-.03** for details.

We spoke with a Thomaston customer whose bills fluctuate up to \$100 between months and was shut off with a serious illness. These experiences are unacceptable.
